

2010 Training Schedule & Registration Form

RPF Associates, Inc. (RPF) is an environmental testing and consulting firm serving the New England area since 1991. We have the expertise and experience necessary to ensure compliance with the myriad of state and federal regulations. We combine our professional knowledge of regulations and policies with the overall needs of our clients.

RPF training services allow our clients to minimize burdensome protocol without infringing on regulatory compliance or compromising the integrity of their projects and staff safety and health.

Our training programs are tailored to facility managers, building maintenance and custodial staff, real estate development, and general construction environments. RPF provides training at our facilities in New Hampshire and Massachusetts and we also facilitate customized training programs at client sites throughout New England.

RPF is a state-licensed provider and our training programs are accredited through the Consortium of New England States (CONES) and U.S. EPA, as applicable.
