## **RPF Associates, Inc. Announces Renewal of State-Wide Contract for Laboratory Testing and Analysis**

**Northwood NH, August 2, 2006:** RPF Associates, Inc., (RPF) an environmental health and safety (EH&S) consulting and testing firm, was awarded a New Hampshire state wide contract through the NH Department of Administrative Services for asbestos inspections, testing, analysis and air monitoring services in 2002 and recently renewed the contract. The contract service is available for all state agencies as well as other public entities through the State. With offices in Northwood, NH and Amesbury, MA, RPF provides indoor air quality assessments; hazardous material testing; mold assessments; construction safety; OSHA and EPA regulatory compliance services; and site inspections for asbestos, lead-based paint, and other environmental hazards. In addition, the RPF professional development group provides corporate health and safety training programs for clients throughout New England.

One primary service to be provided under the contract will be the performance of federally mandated building inspections prior to any renovation and demolition activity.
